Dear Mr. Shermin

I truly apologize for the confusion. We just learned that one of our staff was the source and that they had input the information into our UST data base. We are going to attempt to revive the data pull and see what we get. This will probably take a few days.

Thank you for your patience.

Dear Mr. Shermin

EPA, Region 2 does not have a "data base" of tanks in Indian Country. I don't know where or who provided you with the spreadsheet that you attached. It was not sent to you for us. We only attached a list of known UST facilities operating in Indian Country .

We mention that you may contact the Nations within EPA Region 2 to request information. Contact for each of the Nations may be found on EPA's website at <http://www.epa.gov/region02/nations/index.html>

Thank you for your patience and for contacting EPA.

Respectfully

Good morning,

The PDF provided to fulfill this most recent request is not exactly what I was looking for. In my request I wrote "entire and complete full database".

In the previous request for Tribal USTs back in March of 2013 we received this Excel spreadsheet containing detailed information. See attached.

That file from March 2013, is full and complete as it contains many detailed fields and information.

The PDF provided for this request does not.

Can you please resend the file containing all detailed and complete information. Also can you please provide the information in Excel format as I had requested this specifically in my FOIA request.

Thank you,  
SH
